NEW COLLECTION: IPADS!

The Livingston Parish Library is proud to announce a new specialty collection coming in August - iPads!

In coordination with the Louisiana Board of Regents, ConnectLA, LOUIS: the Louisiana Library Network, the State Library of Louisiana, and the Louisiana Department of Education, the LPL participates in the Louisiana Statewide Digital Inclusion Pilot. The pilot is a one-year effort to address digital inclusion needs, emphasizing digital literacy and seeking to increase the number of LA residents with digital skills.

As part of the pilot, LPL will use iPads as E-readers, as database hubs, to surf the internet, as tools to spread digital literacy and provide patrons with hands-on experience with digital devices. LPL iPads will be available to patrons in good standing with Adult, Educator, or Senior Citizen cards and have a six-week checkout period with no renewals. Cardholders must have been in the system for at least six weeks to check one out. Holds are not allowed, and patrons will need to wait two weeks between iPad checkouts.

To enable everyone to have a chance to experience them, there is a limit of one per patron. If you've ever considered using our databases or trying out E-book checkout but didn't want to buy a device until you've tried it, now is the time to check out an iPad for yourself!

Have no fear! Those interested in iPads but who need help figuring out where to start can get one-on-one tech help by utilizing the LPL's Book-A-Librarian service. Book-A-Librarian allows you to make an appointment with a library staff member for 30 minutes at any of our five branch locations. The LPL has also partnered with Northstar Digital Literacy to provide a variety of digital skill builders for our communities, including online, self-guided assessments, in-person tech classes, and Northstar Online Learning individualized instruction and practice. Digital Navigators are available at each branch to assist patrons with iPad questions and to help them practice.

Congratulations

The Livingston Parish Library Board of Control congratulates Michelle Parrish on her official appointment as Livingston Parish Library Director. Congratulations, Michelle! The future is bright in Livingston Parish with you at the helm.

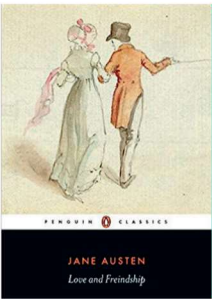

STAFF SPOTLIGHT

HEAD OF COMMUNITY ENGAGEMENT: KYLA ROBERTSON

WHAT MOTIVATED YOU TO WORK AT THE LIBRARY, AND HOW LONG HAVE YOU BEEN HERE?

Libraries offer enrichment opportunities that meet people at their point of need. As a small-town girl with an energetic curiosity, access to new and different books allowed me to aim my spyglass at the world from the safety of my reading nook. I grew up visiting the library weekly, catching special performances, and playing in the youth section. I decided to work at the library so I could be a part of offering that same opportunity for enrichment to children and adults alike. I have worked in the Livingston Parish Library system for over two years.

WHAT WAS THE LAST BOOK YOU READ, AND DID YOU ENJOY IT?

Love and Freindship by Jane Austen. I loved it. Austen has a delightfully sharp sense of humor.

WHAT IS YOUR FAVORITE MEMORY FROM THE LIBRARY?

Seeing *The Firebird* ballet performed at my local library was a significant highlight when I was younger. I loved the bold red costumes and adored it when the ballerinas danced on their toes in pointe shoes. They were so athletic and beautiful!

CUBSIGHT VISION SCREENINGS WITH LIVINGSTON PARISH LIONS CLUB

Backpack? Pencils? Notebook? Check! Vision screening? Did you know that eye conditions can block your child's back-to-school success? In partnership with the Livingston Parish Library, the Livingston Parish Lions Club will offer free vision screenings to help ensure your child has the tools needed for a successful year. Drop by the Library any time during program hours to get your child's vision screened. All participants must complete a vision screening form. Pick up a copy of the form from any of our five library branches to complete before the program to speed up your visit! Please note that this is a vision screening only and does not take the place of a comprehensive eye exam by a vision professional. *For ages 1-18.*
